Form NCR-203a  
U. S. Department of Agriculture  
Agricultural Adjustment Administration  
North Central Division

State  
County  
Date

Report of Status of Forms NCR-203  
North Central Region  
1938 Agricultural Conservation Program

I. Forms NCR-203 Computed in Washington:

- A. Number of forms NCR-203 computations of which, on the basis of original data submitted to Washington, have not been found in error.....
- B. Number of forms NCR-203 listed on a correction tabulation.....
- C. Number of forms NCR-203, not listed on a correction tabulation and computations of which, on the basis of original data submitted to Washington, have been found to be in error.....
- D. Total number of forms NCR-203 computed in Washington. (This entry should equal the sum of A, B, and C.).....
- E. Method of selecting for recomputation forms NCR-203 originally computed in Washington and not listed on a correction tabulation. Check the method used; but if more than one method was used, give the approximate number of forms selected by such method.
- (1) Recomputation only of individual forms NCR-203 obviously in error, by comparison of soil-depleting allotment indicated by the original computation with cropland or with some other indication.....
- (2) Recomputation of selected minor civil divisions or groups of forms NCR-203.....
- (3) Complete recomputation of all such forms for the county.....

II. Forms NCR-203 Tabulated on the Original Listing Sheet, Form NCR-209:

Entries for items A through H of this question likely may include stricken or deleted forms NCR-203 which were transferred from the original listing sheets, NCR-209, for purposes of division of or combination with additional forms NCR-203 to the supplementary listing sheets, NCR-209, provided for corrected, changed, and new forms NCR-203. These deleted items should be included in the count for all entries of Question III and also retained in the total count of entries from Col. 1, NCR-209, which will be entered in Item I. All deleted forms NCR-203, stricken for the above reason or others, should be included in the count for all items of Question III.

- A. Number of forms NCR-203 computed in Washington, for which original descriptive terms and acreages have not been revised and the computations of which were not found to be in error.....
- B. Number of forms NCR-203 computed in Washington, for which the original acreages and descriptive terms have not been revised and for which the computations were in error, as indicated either by a correction tabulation or by mistakes discovered in the county or State office.....
- C. Number of forms NCR-203 originally computed in county or State office, for which original entries or acreages have not been revised.....
- D. Number of forms NCR-203 from which non-cropland has been removed since first execution and computation of forms, and for which the original descriptive terms and acreages have not been revised nor any combinations or divisions of forms NCR-203 made.....
- E. Number of forms NCR-203 from which non-cropland has been removed and on which the terms or acreages were changed or combinations and divisions were made subsequent to first execution and computation of forms.....
- F. Number of forms NCR-203, with non-cropland properly excluded, which were re-executed or on which descriptive terms have been changed by field reporters, community or county committeemen since first execution and computation of forms.....
- G. Number of forms NCR-203, as originally executed and computed, which by change in operators, revision of crop and (or) farmland, division of farms by fields,

or for any other reasons it was necessary to combine or divide prior to listing on the original listing sheets, NCR-209.....

- H. Number of forms NCR-203 resulting from the combinations and divisions of forms NCR-203 listed under item G. ....
- I. Total number of forms NCR-203 listed on original NCR-209.....
- J. Total number of forms NCR-203 which were deleted or stricken from the original listing sheets, NCR-209, and transferred to one or more of the four supplementary listing sheets, NCR-209, for corrected, sheets A and B, changed, and new forms NCR-203.....

III. Forms NCR-203 Tabulated on Supplementary Listing Sheets.

- A. Number of parts of original forms NCR-203, as listed on the original listing sheets, for which undeleted data are listed on the "Listing Sheet for Corrected Forms NCR-203, Sheet "A".....
- B. Number of 1938 farms which constitute a combination of all or part of two or more original forms NCR-203, as listed on the original listing sheets, for which data are listed on the "Listing Sheet for Corrected Forms NCR-203, Sheet B." (Exclude all deleted forms or items).....
- C. Number of forms NCR-203 tabulated on the "Listing Sheet for Changed Forms NCR-203" (Exclude all deleted forms or items).....
- D. Number of forms NCR-203 tabulated on NCR-209 "Listing Sheet for new forms NCR-203". (Exclude all deleted forms or items).....
- E. Total of forms NCR-203 tabulated on Listing Sheets, NCR-209, for "Corrected forms, Sheets A and B, Changed Forms, and New Forms NCR-203". (Total of Items A, B, C, and D.).....

IV. County Total for Specified Columns on Part I of the Listing Sheet, Form NCR-209, and estimated Coverage and Participation.

- A. Number of acres in farms, column 3, NCR-209.....
- B. Number of crop acres, column 4, NCR-209.....

- C. Indicated soil-depleting allotments, column 12, NCR-209.....
- D. Estimate of completeness of coverage in execution of forms NCR-203. Indicate the percentage of total cropland in the county covered by forms NCR-203.....
- E. Estimate of participation in the 1938 Agricultural Conservation Program.
- (1) Indicate the percentage of all forms NCR-203 executed in the county for which application for payment under the 1938 Agricultural Conservation Program will be made....
- (2) Indicate the percentage of total cropland covered by all forms NCR-203 for which application for payment under the 1938 Agricultural Conservation Program will be made.....
- F. Indicate percentage of payment for full performance which will be earned by farms participating in the 1938 Agricultural Conservation Program.....

V. County Committee's Suggestions Regarding Use of Forms NCR-203 for 1939 Agricultural Conservation Program.

1. Do you approve the use of form NCR-203 or a comparable form in the determination of Soil-Depleting Acreage Allotments for next year?

A. Yes \_\_\_\_\_

1. Attach a completed form NCR-203 with proposed factor values entered thereon, if different from those given in NCR-202, supplement 4.
2. Changes and improvements desired - Please list or indicate on attached forms NCR-203.
- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

B. No \_\_\_\_\_

1. Outline reasons on attached sheets for disapproval of form NCR-203.

2. What type of form and procedure should be substituted?
3. Attach a copy of the form which is proposed for use in establishing soil-depleting acreage allotments for the 1939 program.
